REVISED: DECEMBER 4, 2010

Professional Goal Statement 1: To learn more about online activities to involve my students in learning.			
<i>Outcomes</i>	<i>Activities</i>	<i>Evaluation method</i>	<i>WI Teacher Standard</i>
Create list of online websites for students to enhance science curriculum.	Tech Ed 658 Online Activities	Website Student surveys	1,2,3,6,9, 10
Develop science unit based on websites	EDT 672	Student survey	1,4,8

1. What changes in your plan were required in order to meet your goal? To meet my goal, I explored the use of many different types of online learning activities before deciding on which would be appropriate for each unit.
2. What additional activities, if any, did you complete in order to meet your goal? I had to explore a variety of online activities and websites to find activities that met the standards for my students. Besides educational websites, I did in-depth research in the area of WebQuests.
3. What observations and documentation did you make about student learning? Students were more active learners and more motivated when technology was incorporated in the learning process.
4. How did your plan allowed you to enhance student learning? My plan enhanced student learning by enabling me to incorporate technology into

many lessons in learning. Students were asked to fill in a survey to give feedback on their learning experiences that incorporated technology.

5. What type of collaboration did you engage in to meet the new goals? I
collaborated with other colleagues to get a more ideas and sources to review before chosing which ones to incorporate into my lessons. I also shared results with them to get feedback and suggestions.

Professional Goal Statement 2: To encorporate using an Ipod in the classroom			
<i>Outcomes</i>	<i>Activities</i>	<i>Evaluation method</i>	<i>WI Teacher Standard</i>
Social awareness of current technology	EDT 604	Student survey Observation	2,3
Use Ipod on a regular basis in the classroom as part of learning process	EDT 604	Rubric and observation	3,5,7

1. What changes in your plan were required in order to meet your goal? In
order to meet my goal, I had to buy an iPod speaker to be used in my classroom. No other changes were made.
2. What additional activities, if any, did you complete in order to meet your goal? I
have used several activites that were not listed. Many of the activities included apps that were purchased for the iPod.
3. What observations and documentation did you make about student learning?
Students often ask to use the iPod in the educational setting. They prefer to learn

and use the iPod whenever they can. They often use educational apps during free-time.

4. How did your plan allowed you to enhance student learning?
Students are more engaged in their learning when the iPod is used. Students are very motivated and willing to learn when using the iPod.
5. What type of collaboration did you engage in to meet the new goals? I collaborated with other professionals who regularly use iPods in their classrooms for suggestions and ideas.
